

InvisiGrip

A translucent fastener solution for the discreet suspension of signage, decorations, acoustic panels, lighting and displays

- Visually discreet
- Easy installation
- Ideal for fast paced retail environments

Gripple InvisiGrip™ offers a professional, visually discreet and easy install solution for the suspension of retail signage, decorative displays, acoustic panels and lighting. It's the perfect choice for instances where aesthetics are important.

InvisiGrip

A translucent fastener solution for the discreet suspension of signage, decorations, acoustic panels, lighting and displays.

Discreet – translucent fastener and filament ensures suspension blends into surroundings and creates illusion of ‘floating’ displays

Versatile – ideal for retail signage, product displays, lighting, suspended decorative elements and acoustic panels

Easy – innovative twist release mechanism allows the user to simultaneously adjust the position of the fastener, as well as the products suspended, in one simple movement

Fast – install and adjust in seconds, eliminating signage rails and complex assemblies

Ready-to-use – delivered as pre-made kits with your chosen end fixing and set length of filament, or as a DIY kit complete with InvisiGrip Fasteners, a reel of InvisiGrip grade filament, and filament cutters

Safe – 11 lb Safe Working Load with a 5:1 safety factor

Dimensions and Load Rating

Installation Steps

Always support load before adjusting. Contact Gripple for full product information, submittal data and technical support.

Signage

Ideal for a range of signage applications, InvisiGrip is an intuitive suspension solution which is installed and adjusted in seconds, removing the need for signage rails or complex assemblies. Delivering a professional, discreet finish and the option to easily retrofit for additional suspension requirements, it's the perfect solution for fast-paced retail environments.

Acoustic

InvisiGrip's twist release mechanism delivers time-saving simplicity to the installation of acoustic panels. Allowing the installer to adjust the positioning of panels and the position of the hanger in one swift movement, it's an ideal solution for ensuring a consistent finish. Coupled with the ease of installation, the product's discreet nature ensures panels seemingly 'float' in the ceiling space.

Lighting

InvisiGrip adds visual impact to the suspension of lighting, ensuring eye catching installations which complement design-led spaces. Offering a 11 lb Safe Working Load with 5:1 safety factor, the product delivers durability to suit lightweight applications, and simple, one-handed adjustment to ensure time and labor savings during installation.

Displays

Designed to capture attention, display applications are complemented by InvisiGrip's translucent finish. Supplied with clear filament, the solution's discreet appearance ensures all eyes are on the display. Enhanced aesthetics, alongside a versatile solution to suit an array of object sizes and specifications, makes InvisiGrip an ideal choice when seeking to create genuinely striking installations.
